

IP-in-Action LIVE

JVC Professional will be showing a wide range of security solutions at the IP-in-Action LIVE event, including professional IP CCTV cameras and network video recorders.

Held at the Milton Keynes Dons Stadium on Thursday 3rd December, the event will be interesting for installers, consultants and end-users, who wish to find out more about networked security and its possibilities.

Experts from JVC will be on hand to talk about your products and requirements, and can demonstrate the latest technology in the security market.
