Description

The TK-C2201WPE camera has been designed to assure precise colour reproduction in low light situations meaning that it is now possible to identify image colours in much darker places. It also includes JVC's Patent Pending Fine-Focus option for focusing to the finest point with its new Variable-Focal lens.

Main features

- High-Resolution of 580 TV Lines
- Newly developed 14bit DSP enables industry-leading high quality pictures

- Super LoLux™ Sensitivity
