JVC – Brackets

Optional mini-dome camera brackets

Part Numbers:

Recess Mount - BK-2201RC

Wall Mount - BK-2201WB

Wall Mount - BK- 235WB

Our new range of mini-dome mounting brackets provide a rugged solution for our wide range of JVC's CCTV and network cameras, including our Super LoLux™ and V.Networks range. The brackets are discrete, durable and come with a smooth finish to complement the cameras. They have been designed with easy installation in mind and they can all be fitted in a few simple steps.

BK-2201RC

The recess mount is built for use with the TK-C2201E/U Super LoLux™ camera. An intelligent design means this recess mount is very quick, lightweight and easy to install. This bracket is designed for internal use only.

BK-2201WB

The wall mount for the TK-C2201 Super LoLux™ camera. It is lightweight, but sturdy and simple to install, allowing cable connectivity from top or rear of the bracket. This bracket is designed for internal use only.

BK-235WB

The wall mount has been designed to work with the TKC2201WPE Super LoLux™ camera, as well as the VN-V225VPU and VN-X235VPU V.Networks cameras. This bracket has been designed for more demanding applications and can be used for indoor and outdoor use.
